## *Life and Style of Grace Mark*

Following in the footsteps of her mother, who was a seamstress in Nigeria, Grace Mark always loved fashion and designing hats. After graduating from the University of Nigeria with a degree in Corporate Economics, Grace decided to follow her passion, knack for creativity and her innovation and ingenuity by establishing Grace's Hats in 1980.

Since she opened the first known hat shop in Nigeria, Grace has had an unprecedented track record of successful shows in Europe, America, Western Africa and Nigeria. She has also been featured in exhibitions in Trinidad and Tobago and in Jamaica and the Bahamas.

Grace's chapeaux designs are made with an array of natural vibrantly colored fabrics, synamay, crinoline and straw. They are accessorized with an unlimited assortment of exotic decorations which include flowers, bows, feathers, boa and butterflies.

Grace's hats can be seen in London at the Royal Ascots and at the fabulous Kentucky Derby. One of her hats was judged the "Best Hat" at the 2005 Kentucky Derby.

Congratulations to Grace for achieving 25 years of artistic chapeau excellence!
